- We need more younger people at these Mtgs - Millennials.
- We need traffic expectation for 2040 +
- We need to incorporate people in the county not using Brick & Mortar stores ie) opting for Amazon etc.

- We seem to have planned how to make things better for now -
Not for 2040!

Please turn this form in before leaving. If you need additional time, please mail your form to Calvert County Department of Community Planning & Building, 150 Main Street, Suite 300, Prince Frederick, MD 20678, or submit your comments via email to pz@co.cal.md.us.

DURING THE MEETING FOR THE COVE POINT LNG EXPORT FACILITY AN
ENGINEERING ANALYSIS WAS PRESENTED THAT CLAIMED THE EXPORT
FACILITY WOULD CONSUME AS MUCH WATER FROM OUR AQUIFER AS IS
CURRENTLY CONSUMED BY THE THREE COUNTIES SERVICED BY THE AQUIFER.
THIS DOUBLING OF THE WATER CONSUMPTION WAS REPORTED TO DRAIN
THE AQUIFER WITHIN A FEW YEARS OF THE EXPORT FACILITY COMING ON LINE,
THERE WAS NO PLAN FOR RESTORING WATER SERVICE

The current Comp Plan should ~~at~~ not be replaced! Only updated and then IMPLEMENT!
The Commissioners need to fund the infra-structure before allowing any additional growth.

Please turn this form in before leaving. If you need additional time, please mail your form to Calvert County Department of Community Planning & Building, 150 Main Street, Suite 300, Prince Frederick, MD 20678, or submit your comments via email to pz@co.cal.md.us.

1. Please prepare and share publicly a map of roads with sidewalks - both ADA compliant + non-compliant.
2. What incentive will you offer businesses/shopping centers to allow people to park in a town center and then walk/bike/ride bus to various stores? Currently there are many signs prohibiting that in some areas.
3. Please do a traffic study to detail carrying capacity of local roads.

Please turn this form in before leaving. If you need additional ^{space?} time, please mail your form to Calvert County Department of Community Planning & Building, 150 Main Street, Suite 300, Prince Frederick, MD 20678, or submit your comments via email to pz@co.cal.md.us.

4. what is Planning & Zoning doing currently to prevent current housing units in town centres from being zoned commercial?

- * Need to require new retail/commercial/office developments to include access to property for public transportation vehicles
- * Should put in writing as a condition of approval

* Maybe we don't need new roads to handle increased traffic -
maybe we need better technology to re-route if
accident or congestion

Please turn this form in before leaving. If you need additional time, please mail your form to Calvert County Department of Community Planning & Building, 150 Main Street, Suite 300, Prince Frederick, MD 20678, or submit your comments via email to pz@co.cal.md.us.

CALVERT
2040
Your county. Your future.

Please share any additional comments.

1. I'd like to see the traffic volume numbers for Calvert County for 2016. I'm certain they'll be much higher than 2015.
2. I'd also like to see traffic volume projections for the next 10 years.
3. Has any thought been given to creating bike paths in the electric power & gas line corridors that extend the length of Calvert County? This would offer a safer path for bicyclists.
4. I hope the desirable sections (e.g. Visions) of the current Comp. Plan will be retained in the updates, and not scrapped in a complete redo.

Please turn this form in before leaving. If you need additional time, please mail your form to Calvert County Department of Community Planning & Building, 150 Main Street, Suite 300, Prince Frederick, MD 20678, or submit your comments via email to pz@co.cal.md.us.
